

Check out the amazing MultiKai Cooker!

The **MultiKai Cooker** is a low pressure cooker that produces mouth-watering, healthy meals quickly and easily. Invented in New Zealand by Doug Andrews, the **MultiKai Cooker** offers an alternative to the traditional New Zealand Maori ground Hangi, Fijian Lovo, Tongan or Samoan Umu and Hawaiian Luau. All above ground and with the convenience of gas.

With the upper chambers removed, the **MultiKai Cooker** is a BBQ hotplate, shallow fryer, wok or casserole dish. With the cooking chambers and baskets fitted, the **MultiKai Cooker** can be used as a smoker, steamer or oven. You can even steam your own Yum Cha /Dim Sum at home.

The **MultiKai Cooker** will cook the entire meal, all at once, to perfection, with a unique taste and magnificent flavour. Enjoy the health benefits of MultiKai cooking without fat. Instructions on Doug's easy to cook Hangi method included with all cookers.

MultiKai Cooker are certified by the Australian Gas Association, certificate number 6857 and are covered by Australian Patents 332466 and New Zealand Patent 332466.
